<sup>1)</sup> SITC-nimike käsittää myös muita tuotteita kuin allamainitut. — <sup>2)</sup> Volyymi-indeksiluvut perustuvat vuoden 1975 alusta kerättyihin uusiin indikaattoreihin. Tiedustelussa kerättävien tuotteiden lukumäärä on tuntuvasti lisätty sekä ns. korvikemuuttujien (tehtyjen työtuntien, sähköenergian) osuutta on pyritty vähentämään, mikäli se on suinkin ollut mahdollista.<sup>3)</sup> This SITC-item also contains other products than those below. — <sup>4)</sup> The volume index figures are based on the new indicators collected from the beginning of 1975. The number of products collected in the survey has been increased considerably; whenever possible, the proportion of so-called surrogate variables (working-hours performed, electric energy) has been cut down.
